INSTRUCTIONS TO BIDDERS.

Coins and medals are sold so much per piece, U. S. proof sets excepted. You cannot bid for one piece in a lot. If a lot contains ten pieces, and you desire to offer $2 for it, make your bid 20c. The auctioneer will accept an advance of 1 cent up to 50c., then 5c. up to $2.50, when 10c. is the limit, up to $10, and thereafter not less than 25c. Hence any bid up to 50c. can be entertained, but after that the bid must be 55c., 60c., and so on. Such offers as 53c., $1.01, and all intermediate figures are unavailable. For lots containing 50 pieces and upwards, an increase of ½ cent can be bid for each piece, and for lots of 100 or more pieces, ¼c. "rise;" no smaller fraction will be considered.

Nothing authentic is known of the object of this stamp, which is found on pieces of the 1 Real to 8. It has been variously attributed and Gibraltar appears to be in the lead. The possessions of the different countries in the West Indies were accustomed to this sort of mutilated, necessity money; in no other locality or globe quarter was it so prevalent. Coins of all countries which fell into their hands, were branded with some distinguishing mark, and we incline to the belief that the one in question, was confined to some particular British W. We place this interesting piece here, merely alphabetically, without assertion that the letters S. D. are to be interpreted as an abbreviation of San Domingo; rather do we think they are not. Leven, Scotland, seems probable enough, but in the presence of what appears so distinctly LEVERN, and the absence of information, we prefer to suspend attribution.
